

The Architects and Engineers Forum

Helping design and construction professionals in eastern Montgomery County keep pace with their changing industry. Members of the community are also welcome. We hope you will join us for our next event:

Environmentally Sensitive Design

Presented By: Paul Macht of Macht Architects

Learning Objectives:

1. Residential building envelope design for air tightness and vapor control
2. Integration of passive and active solar systems
3. Integration of HVAC system design with ventilation systems
4. Approaching net zero energy design relative to site opportunities and constraints

Date/Time: RESCHEDULED DATE: Wednesday, May 20th at Noon

Location: Grace Presbyterian Church (next to the library)
444 Old York Road, Jenkintown, PA 19046

Parking: Jenkintown Library Lot
460 Old York Road, Jenkintown, PA 19046

Education Credit: 1 AIA/CES (HSW/SD) LU*

Refreshments: Lunch will be provided

Cost: \$15 per person

RSVP: By Friday May, 15th. Please contact Alyson Lester to RSVP, for further information on this event, or to make a suggestion for a future event at 215-740-7428 or lester@alengineeringdesign.com. Your input is greatly appreciated!

Please feel free to forward this notice on to any friends or colleagues that may be interested.

*Notice: AIA Philadelphia may charge non-members \$10 for CEU certificates for this presentation. This is not included in the fee listed above, which covers facility, food and printing costs. To obtain certificates, attendees must sign in at the event. The AIA will mail out certificates, and non-members will be asked to mail back payment. For more information on this policy, please contact Pat Gourley at pat@aiaphila.org.
